STEELES' POMONA NURSERIES

Palmyra, N. J.

A recent ruling of the Federal Horticultural Board prevents the importation of Nursery Stock from Europe and many varieties of rare plants, such as Rhododendrons, Box, Magnolias, Japanese Maples, etc., etc., are not procurable, and will not be for many years.

We are fortunate in having a good stock of EVERGREENS, HARDY SHRUBS, SHADE TREES and PERENNIALS of our own growing and a general assortment of FRUIT TREES and FRUIT PLANTS to offer this fall and spring at the following prices.

PRICES in this list abrogate previous quotations. Our catalogue, printed some time ago is sent you only for descriptions etc. Prices therein are withdrawn.

GUARANTEE. We guarantee trees and plants to be first-class, healthy, true to name and quality represented, and to reach our customers in good condition, but we cannot be held responsible for their failure to grow through neglect, improper planting, unfavorable seasons, or other causes beyond our control, and we do not insure their living after having passed out of our hands and care.
